

Becky Baltz, District Engineer

SINGLE FEASIBLE SOURCE PURCHASE POSTING NOTICE

The Missouri Department of Transportation has determined that only one source can provide the products or services described below

Title: SFS 7-101207 Trimble GPS Equipment

Description: The Missouri Department of Transportation District 7 has determined that only Seiler Instrument can provide MoDOT with proprietary upgrades and compatible GPS equipment. District 7 is currently needing to replace aging and outdated parts of the Trimble GPS systems that MoDOT District 7 is using. MoDOT District 7 has determined the need to have compatibility of using the same brand of GPS equipment to integrate crews without having to acquire additional training because of purchasing different types of equipment. This will reduce training time and allow more opportunities to share resources. Costs are also being reduced because individual pieces can be replaced and not complete systems. Seiler Instrument is also allowing trade-in discounts when purchasing new equipment. Seiler Instrument is the regional distributor for Trimble equipment in the District 7 area. Purchases relating to this Trimble GPS equipment are estimated to be \$63,408.00.

Contract Period: Single Purchase

Renewal Options: N/A

Agency: Missouri Department of Transportation

Supplier: Seiler Instrument

Buyer: Cathy Bay
